Hosting & Backups

28. CBW has selected a reputable website hosting provider and we review our partners from time to time to ensure we deliver the best value/quality mix of website hosting. CBW is not required to notify Clients of website hosting provider changes unless that hosting provider change would result in hosting Client data outside of the EU.

29. CBW endeavours to ensure that websites are live and protected 100% of the time, due to the open public nature of the internet, this cannot be guaranteed. From time to time hacking attempts can mean website servers go offline, or our hosting partner can experience technical difficulties which results in a temporary loss of service. CBW will endeavour to communicate any such instances to our Clients as and when they occur and seek to restore service in a timely manner.

30. CBW is not be liable for any loss of business, loss of profits, any loss of digital data or any other damages related to website downtime/loss of website service or website security compromises.

31. Where CBW provides ecommerce facilities for our Clients, we are not be liable for any loss of business, loss of profits or any other damages related to payment gateway outages.

32. We backup all our websites weekly inside of the UKFast infrastructure and Cpanel backups outside of this server on a daily basis.

33. All our website data is hosted within the EU and is not replicated to alternative non EU location, therefore European data protection laws are in effect for all our websites.

34. We use hosted services as part of our internal processes that may hold Client personal data outside of the EU and therefore this data is not subject to only EU data protection laws and regulations. If you would like to see a copy of the data we hold about you at any time, please make your request in writing to the Directors at our registered business address. We reserve the right to charge an administration fee where appropriate.

Security Considerations

35. You must ensure that you maintain secure passwords for the systems we provide to you. CBW reserves the right to charge for website reinstatement from backups should a successful hacking attempt on your website be traced back to use of either an insecure password and/or ineffective website security procedures on the part of the Client.

36. If the Client or a 3rd party have permitted damages to your website, by applying an update or change and as a result of this CBW needs to repair the website, we reserve the right to charge you for this work.

Payments

37. CBW will only accept regular recurring payments by Direct Debit using our GoCardless Direct Debit management system. We reserve the right to charge an administration fee for recurring payments that are not processed in this manner. This fee is currently £5 + VAT per non Direct Debit payment.

38. One off payments can be made by online bank transfer (ensuring you use the invoice number as a reference) or a one off Direct Debit payment using our GoCardless direct debit management system.

39. When you agree to become a CBW client, we will send you a link to our Direct Debit system. We will not commence your project until the Direct Debit mandate has been completed online, we have received email confirmation of your acceptance of our Terms and Conditions and a signed paper copy. We will commence invoicing 30 days from the date you signed this agreement.

40. CBW invoices are issued only by email to the email address you specify upon signing up with us. It is your responsibility to ensure invoices are settled in accordance with our payment terms to enable us to maintain service provision.

41. Payments are due no later than 14 days from the invoice date and/or in accordance with the Direct Debit payment schedule agreed when you become our Client.

42. CBW standard payment terms for website build projects are 70% upon sign up and 30% upon “Go Live” of the website project. If we agree something different with you, this will be documented clearly in our Agreement email and also on your first invoice. If your project does not involve the build of a website but does involve a setup fee, we will charge 100% of the setup fee upon sign up (e.g. Pay Per Click campaign setup, etc).

43. Without limiting any other right or remedy of CBW, if you fail to make any payment due to us under the Agreement by the due date for payment, we shall have the right to suspend all services being provided by us until such payment has been made.

44. Following our issuing a website suspension notice, CBW will keep your website on its servers for 30 days after which time we reserve the right to delete the website from our servers. CBW shall not be liable for any claims for any losses, material or implied, of any kind, from a situation where we have removed your website from the internet for reasons of non-payment of monies owed to us.

45. You shall pay all amounts due under the Agreement in full without any deduction or withholding except as required by law and you shall not be entitled to assert any credit, setoff or counterclaim against CBW in order to justify withholding payment of any such amount in whole or in part. We may, without limiting our other rights or remedies, set off any amount you owe us against any amount payable by us to you.

47. When a website is live on the internet we deem it to have “Gone Live” which means the final “GoLive” payment of any agreed setup fee is then due for invoicing and payment.

48. Failure to provide CBW with information does not permit the Client to delay or cease payment, unless specifically agreed with us. Unless otherwise agreed, you will continue to be invoiced each month until the website is live and will receive no refunds for a delay in getting the website live.

49. If CBW buys a domain name on behalf of the Client then CBW owns that domain, until you have paid the cost of this domain name plus our administration charge. We charge for the cost of the domain name from a reputable online marketplace (currently Namesco.) and a £20 + VAT administration fee to cover our costs in processing this order. You can purchase your own domain name but you must provide us with access to the DNS control panel in order to make your website live OR you undertake to update your DNS control panel yourself using the IP address information that we will provide. We are not be liable for any damages related to loss of website or email services that result from incorrectly applied

DNS updates.

50. If the Client asks CBW to purchase a domain on your behalf and request to be invoiced then you also agree to accept subsequent invoices when the domain renewal is due. In order to ensure continuity of service we will not notify you in advance of domain name renewal invoices being issued and make the assumption that you wish to have the domain name renewed.

51. In all cases, where you have paid for a domain for a specific period, you own the domain and you are free to transfer it away from CBW at any time. We may charge an administration fee for the domain transfer service (currently £50 + VAT), depending on the work required to effect the transfer. This domain transfer fee shall not be unreasonable and is to cover our administration costs in carrying out this process.

52. If you have purchased your own domain name and we do not manage it for you within our Namesco platform, you are responsible for the renewal of the domain in a timely manner to ensure your website service remains unaffected at renewal time.

55. No refunds will be made on services that have already been delivered. If you have paid for an item in advance and then later wish to cancel the delivery of that service before it is delivered and if we have not expended time related to your work, we will consider an application for a refund in a fair and reasonable manner.
